PRESENTS

Inside Wildfire

Thursday, June 14, 7 pm

Seeley Lake Historical Barn,
Seeley Lake, Montana

CREDIT: INCIWEB

What are the short term impacts of wildlife being displaced or killed by wildfire?

What is the effect on fish if streams burn hot?

What was the impact of the Rice Ridge Fire on our habitat, fisheries and wildlife?

Learn about the impact of wildfire on fish, streams, wildlife and the forest with Scott Tomson, Wildlife Biologist, USFS and Shane Hendrickson, Fisheries Biologist, USFS.

FAMILY FRIENDLY. EVERYONE WELCOME. REFRESHMENTS SERVED. FREE.
