

Clearwater Resource Council  
PRESENTS

WORKSHOPS

HOW YOUR HOME CAN

with Jack Cohen  
retired scientist, Missoula  
USFS Fire Laboratory

# SURVIVE A WILDFIRE

**Thursday, June 21, 2018, 7pm**

Seeley Lake Community Hall

*Free & Everyone Welcome*

It's never too early  
to get ready for this  
year's fire season!

Jack Cohen, retired research scientist from Missoula USFS Fire Laboratory, presents home owners with the evidence and the tools to greatly improve the odds that your home will survive a wildfire. Cohen demonstrates through video segments and years of fire lab research that it's not the wall of fire roaring down the mountain that will ignite your home – it's what reaches the area around your home – your defensible space.
